How to Purchase "Enterprise Architectures and Integration" Course Pack through PayPal

This Course Pack ($50), prepared by NGE Solutions, is intended for University Students for "Enterprise Architectures and Integration" (e.g., ISEM540 at Harrisburg University). You do not need a PayPal account to use this system. Here are the basic steps:

STEP1:
Click on http://space4ict.com/buy/coursepack02.aspx and Click on Buy Now Yellow button

STEP2:
If you have PayPal account, click on it. If you don't, start as a guest and enter your information, e.g., name, email, etc.

STEP3:
Choose a credit card and proceed (it does not work on some American Express cards, maybe it will for yours, Visa and MasterCard work fine, just FYI) After payment processing, you will be asked to go back to NGE Solutions and you will see a page that will allow you to download the eBook and also get instant access to SPACE Tool for four months.
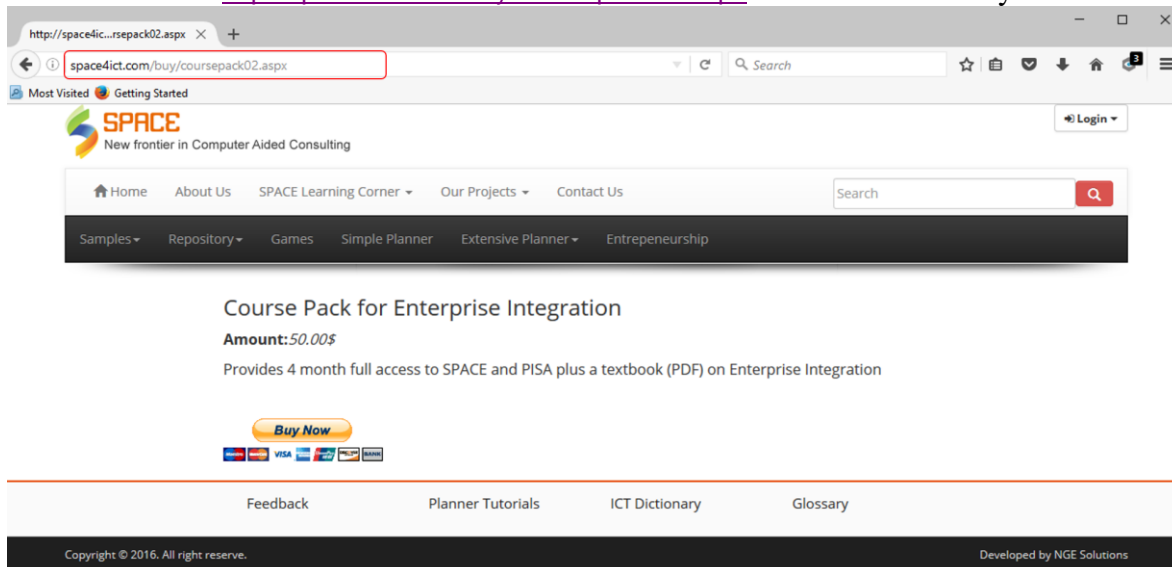

STEP4:
You should get two emails from PayPal. One of them has the SPACE credentials you need. If you do not get two emails, probably you entered a wrong email (common typing error). If so, cancel the transaction and enter a correct email address. Also, the eBook cannot be downloaded to an Apple, you must use a Windows machine for eBook.

STEP5:
SPACE will serve as an additional text for this course.   Before using SPACE, you must go to www.space4ict.com, click on Planner Tab and then Planner Learning Corner. You will need to go through Stage0 and Stage1 materials before getting started.
The following screenshots show the main steps. Press on '?' if you have any questions

STEP 1: Go to http://space4ict.com/buy/coursepack02.aspx and click on the buy now button
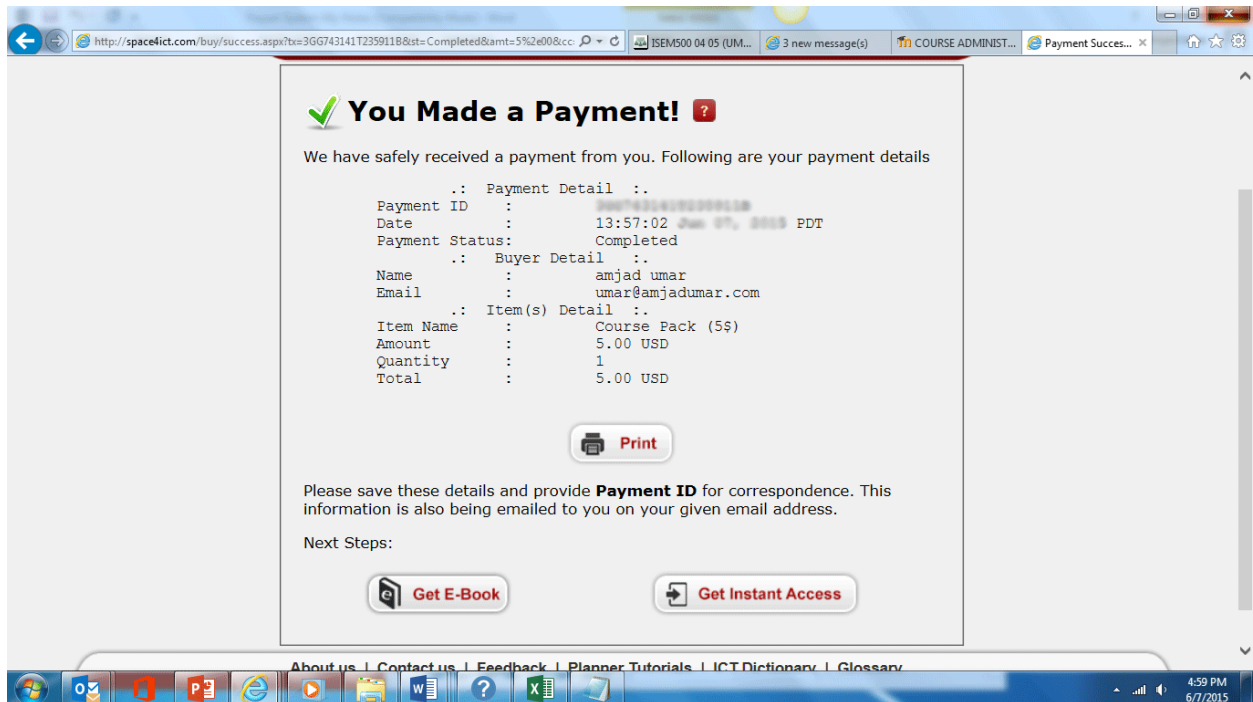

STEP 2: If you have PayPal account, click on it. If you don't, start as a guest and enter your information, e.g., name, email, etc.
